OVERVIEW OF THE LEGISLATIVE FISCAL OFFICE

The Legislative Fiscal Office is an independent agency created by statute to provide factual and unbiased information to both the House of Representatives and the State Senate. The Office provides assistance to individual legislators, committees of the Legislature and the entire Legislature. Legislator's individual requests are considered confidential and will remain confidential unless otherwise requested.

The Legislative Fiscal Officer is elected by a favorable vote of a majority of the elected members of both houses of the Legislature. He may be removed by a majority vote of the elected members of both houses of the Legislature.

The Legislative Fiscal Office duties and functions include, but are not limited to, the following.

Budget Analysis

To analyze budgets prepared by the executive branch and make recommendations to the Joint Legislative Committee on the Budget, other committees and the Legislature.

Revenue Forecasting

To make continuous short and long range projections on revenues and expenditures (i.e., economic forecasting).

Committee Support

To review and evaluate requests/amendments for appropriations during the legislative sessions and make presentations to the House Appropriations Committee, the Senate Finance Committee and the Legislature. Answer the fiscal information requests of committees and individual legislators.

Fiscal Notes

To evaluate legislation for fiscal effect and provide fiscal notes detailing the effect on revenues and expenditures of such proposed legislation.

BA-7s

To review on a monthly basis requests for budget adjustments from state agencies and make recommendations to the Joint Legislative Committee on the Budget as to the merits of such requests.

Louisiana Government Performance and Accountability Act

To provide quarterly performance progress report summaries to the Joint Legislative Committee on the Budget relative to the state agencies actual performance compared to set performance standards.

Interim Emergency Board

To evaluate requests submitted to the Interim Emergency Board and to make recommendations of approval or disapproval to the Legislature of those requests.

Fiscal and Economic Impact Statements

To review on a monthly basis rules and regulations as submitted by the executive branch and to inform the Legislature and the public as to the fiscal and economic impact of such proposed rules and regulations.

TABLE OF FOOTNOTES

(a) These figures in the table reflect adjustments as noted below:

State - Funding provided by statutory dedications to reflect deposits of federal monies to be received pursuant to the federal Help American Vote Act of 2002 (HAVA). The department indicated that Louisiana would receive approximately \$22 million.

Elections - The Department of Elections and Registration's budget was merged with the Department of State. All funding and associated positions for the department were transferred to the Secretary of State.

Department of Agriculture and Forestry - Budget decreased due to elimination of duplicate funding in Statutory Dedications for bond payment of \$12 million, which was included in the Louisiana Agricultural Finance Authority and the Boll Weevil Eradication Fund.

Department of Economic Development - The reduction in the Department's total means of financing is primarily attributable to reductions in Statutorily Dedicated funds due to completion of Louisiana Economic Development Award grant and Workforce and Financial Assistance projects. Subsequent Louisiana Economic Development Award Grants will be funded through the Capital Outlay process.

Department of Natural Resources - Non-recurring carryforwards for projects in the Office of Coastal Restoration and Management (Statutory dedications - Wetland Conservation and Restoration Fund & Federal Funds).

Retirement Systems - Reduced State General Fund (\$11,002,945) for LASERS and Teachers' Retirement Systems unfunded accrued liability (UAL) payments that will be paid off with Texaco Settlement Funds.

Health Care Services Division - The total budget for the eight hospitals under HCSD, including Executive Administration, is \$920 M for FY 05/06. This funding includes direct appropriations (State General Fund) and non-appropriated projected revenues (federal Medicare, commercial insurance and self-generated). Projected revenues are subject to change based on utilization.

(a) FY 93-94 and FY 94-95 DHH/LHCA positions are estimates because the LHCA had no table of organization for those years.

(b) Funding for Retirement Systems operating budgets are no longer appropriated. Figures reflect positions budgeted by the systems.

(c) Colleges and universities do not have authorized position numbers. These figures are estimates, made by the colleges and universities, of the number of full-time equivalent unrestricted employees.

(d) Decrease due to a transfer of 10,320 positions from DHH to Higher Education because of the transfer of the charity hospital system.

(e) Vo-Tech positions included in Higher Education total with the creation of the LCTCS effective July 1, 1999.

(f) FY 04 is Veterans Affairs first fiscal year as a department

(g) Act 7 of the 2004 Regular Session created Youth Services as an independent organizational unit in the Department of Public Safety and Corrections.

2005 Regular Session

Instrument	Description	2004-05	2005-06	2006-07	2007-08	2008-09	2009-10
SESSION ACTIONS - REVENUE							
Corporate Income and Franchise Tax							
Act 401 Reg. Session HB 679	Changes the taxation of various forms of income of business taxpayers. A deduction for interest and dividends is provided, a single factor apportionment formula for manufacturing and merchandising businesses is provided, and the apportionment of gains or losses from sales and exchanges not made in the regular course of business is provided. Effective date provisions for the income and franchise tax changes are provided within the bill. The bill as a whole is effective for all taxable periods beginning after December 31, 2005.			(\$4,800,000)	(\$4,400,000)	(\$3,900,000)	(\$3,500,000)
Act 491 Reg. Session HB 786	Provides income and franchise tax credits for investments in Louisiana Community Development Financial Institutions (LCDFIs). In addition, the LCDFIs themselves are exempt from income and franchise taxes for five consecutive taxable periods. The investment credit is 75% of the investment. These credits are transferable and can be carried forward indefinitely. The total amount of tax credit that can reduce tax revenues in fiscal years 2006 through 2007 is \$5 million. Any unused allocation of credits from a previous year may be carried forward and granted in the next year. The program terminates on July 1, 2007, but provisions relevant to any granted tax credits continue to apply until July 1, 2010. Effective upon governor's signature.		(\$5,000,000)	(\$5,000,000)			
Act 319 Reg. Session SB 34	Provides income and franchise tax credits for purchases of qualified new recycling manufacturing or process equipment, and for contracted services used to implement a DEQ-approved beneficial use program for nonhazardous industrial waste streams. Act 485 Reg. Session HB 631	Provides refundable tax credits for investment in certified sound recording productions and/or capital infrastructure projects. Expenditures of \$15,000 - \$150,000 generates a 10% credit, from \$150,000 - \$1 million a 15% credit, and greater than \$1 million a 20% credit. The aggregate amount of credits that can be granted each calendar year is \$3 million. Applicable to tax years beginning on and after January 1, 2006, but the program expires January 1, 2008. Effective upon governor's signature.			(\$3,000,000)	(\$3,000,000)		
Act 156 Reg. Session SB 322	Provides tax credits for expenditures on voluntary remedial investigations (15%) and remediation action (25%) at state-certified sites. Effective July 1, 2005..		(\$1,000,000)	(\$1,200,000)	(\$1,200,000)	(\$1,200,000)	(\$1,200,000)
Act 402 Reg. Session HB 684	Increases the existing tax credit for research & development expenditures from 8% to 20% for firms employing fewer than 500 Louisiana residents. Retains the 8% credit for larger firms. Also increases the existing tax credit for federal Small Business Innovation Research Grants from 8% to 20%. These credits are transferrable. Both tax credit provisions are effective for income tax years beginning in 2005 and franchise tax years beginning in 2006. Sunsets December 31, 2009. Effective upon signature of the governor. 			Only a single year's experience with these credits has occurred (2003). That year indicates that tax credits under this bill's changes could result in over \$23 million of credits.				
Act 439 Reg. Session HB 602	Expands an existing tax credit to \$5 million that any single taxpayer can receive for any number of structures rehabilitated within a particular downtown development district. This was formerly limited to \$250,000 per structure. Structures must be nonresidential or residential rental property. These credits are transferrable. The expiration date of tax periods ending prior to January 1, 2005 is extended to all tax periods ending prior to January 1, 2009. Effective upon governor's signature.					(\$1,400,000)	(\$1,500,000)
Act 326 Reg. Session SB 104	Allows employers in medical industries serving rural hospitals to participate in the Quality Jobs Program (5% - 6% payroll subsidies for job growth). Act 466 Reg. Session HB 862	Requires the Department of Economic Development (DED) to designate approximately 25% of the U.S. census divisions in the state as urban revitalization zones. The zones are limited to parishes with populations in excess of 75,000 persons (16 largest parishes). DED may contract for up to ten years with businesses in the zones for exemption from all or a portion of income and franchise taxes. DED may also contract for tax credits of \$5,000 per new employee, with a two year carryforward. These credits are refundable. The tax reductions provided by this bill are in lieu of any tax reductions under the current Enterprise Zone Program. Businesses must meet requirements similar to the enterprise zone program, and local governments must also meet certain requirements to participate. City and parish governing authorities may issue revenue bonds and use the proceeds to make loans to any new or expanding business or industry in a zone. Effective July 1, 2005. Act 396 Reg. Session HB 888	Current law imposes the corporate income tax on real estate investment trusts (REIT), but only on that portion of net income which is subject to the federal income tax. This bill retains current law but requires certain tests in order for the REIT to be allowed a deduction for dividends paid to its owners. In order to be allowed the deduction it must be a publicly traded REIT or be one where less than 50% ownership is by a single entity that is a corporation subject to federal income tax and is not a REIT itself. Effective for tax periods beginning after December 31, 2005. The bill is in response to potentially abusive use of the REIT business structure to avoid taxation. This bill may preclude extensive use of this structure for tax avoidance purposes.		INCREASE	INCREASE	INCREASE	INCREASE	INCREASE

Personal Income Tax							
Act 456 Reg. Session HB 731	The bill makes a variety of changes to the motion picture tax credit program. The expiration of the sales tax exemption is accelerated by one year to January 1, 2006 from the currently scheduled expiration date of January 1, 2007. The separate credit for employment of Louisiana residents is combined with the investor credit provisions and is made explicitly transferable. Expenditures on approved infrastructure projects from July 1, 2005 to January 1, 2008 are eligible for a 15% investor credit. All certified productions after January 1, 2006 are eligible for a 25% investor credit. This credit declines to 20% on July 1, 2010 and then to 15% on July 1, 2012. Payroll of Louisiana residents is eligible for an additional 10% credit. Expenditures eligible for the investor credit are purchases of goods and services from Louisiana suppliers, and payroll sourced or apportioned to Louisiana. Tax credits can be redeemed directly from the state for 72% of face value. This rate increases by two percentage points every second year until it reaches 80%, beginning January 1, 2009. Effective for tax years beginning after December 31, 2005 but not for projects initially certified prior to that date.			\$9,000,000	\$9,000,000	\$9,000,000	\$9,000,000
Act 495 Reg. Session SB 59	Modifies an existing tax credit for child care expenses. For taxpayers with \$25,000 or less income, the state credit will be based on a federal child-care credit before adjustment by the amount of federal income tax. This effectively expands the existing credit because the federal credit is not refundable while, for these low-income tax payers, the state credit is refundable. Taxpayers receive 25% of the federal credit on returns filed for tax year 2006 and 50% in all subsequent periods. Effective upon governor's signature. Act 400 Reg. Session HB 627	Provides a tax credit against income or franchise tax liabilities for eligible investments in defined entrepreneurial businesses. Tax credits are 50% of the investments, divided evenly over five years. Credits can be carried forward for ten years and expire in the eleventh year. The total tax credits granted each year shall not exceed \$5 million. Total credits that can be issued are \$25 million. Effective for tax periods beginning on or after January 1, 2005, but credits earned on or before December 31, 2005, shall be allowed against income tax for the following tax period (the 2006 income tax period, due in 2007). Royalty Relief Dry Hole Credit Program							
Act 298 Reg. Session SB 182	Authorizes DNR to establish a program providing credit against state royalties for dry hole wells. Credits are applied against producing wells drilled subsequent to the dry hole. The dry hole well must be drilled and the production from the subsequent producing well must be from a true vertical depth of 20,000 feet or more, and the wells must be located in the state's coastal zone. The credit amount is the lesser of 5 billion cubic feet of gas or 50% of the cost of the well, prorated over a 36 - 60 month period. A total of 20 wells can be certified into the program up to June 30, 2009. All credits expire on June 30, 2013.				The program was assessed as not having an impact on the existing state revenue baseline because no 20,000 foot deep wells have been drilled in the coastal zone since 2000. In addition, royalty relief does not occur until a producing well is drilled subsequent to a dry hole, both are in the coastal zone, and production is from 20,000 feet or deeper. The program's requirements make it unreasonable to consider its relief provisions as reducing the existing expected revenue baseline.		
Telephone Company Property Assessment Relief Fund							
Act 266 Reg. Session HB 805	Requires the Department of Revenue to determine the amount of sales tax avails from interstate telecommunications services that should be deposited to the existing Telephone Company Property Assessment Relief Fund, to finance the tax credits available to certain firms. The department is to use industry data (published by the Federal Communications Commission) available at the time the fund was originally created. The determination is to be promulgated by rule by March 1, 2006, and be effective for tax periods starting on or after July 1, 2006. Effective July 1, 2005.				The existing relief provisions are not allocating enough sales tax collections to the Relief Fund to fully finance the amount of tax credit claims. This bill requires the Department to determine the appropriate amount of allocation to make to the Relief Fund. It is likely that the Relief Fund will have to be allocated tax revenue currently flowing to the state general fund in addition to allocation it is currently receiving. That additional allocation might be as much as \$20 million - \$25 million per year.

01 - 107	Executive	DOA	Funding provided to meet the State's obligation related to the Tournament Players Club (TPC) Golf Facility located on the westbank in Jefferson Parish. As part of the agreement with the TPC, the State guarantees to TPC a minimum volume of play at the facility from guests at hotels and motels located in the Parishes of Jefferson, Orleans, St. Charles, St. Tammany, St. James, St. John the Baptist, Tangipahoa, Plaquemines, St. Bernard, and Washington for the first five years in which the facility is in operation. The State guaranteed 10,000 rounds in year 1 at \$125 per round for a maximum obligation of \$1.25 million. Only 2,266 rounds are projected to be played under this agreement leaving the State to pay TPC for 7,734 unplayed rounds at \$125 per round or a total obligation of \$966,750 (\$975,000 has been included in the Executive Budget for this purpose) in FY 06. Future guaranteed rounds will increase to 14,500 in year 5 with a round value of \$135 and a total maximum obligation of \$1,957,500.	\$975,000	\$975,000	
01 - 107	Executive	DOA	Three additional positions and associated funding with the Office of Facility Planning and Control to aid in complying with Act 1184 of 2001 which requires implementation of a state energy policy and Act 869 of 2004 which requires performance energy efficiency contracts in order to minimize energy consumption. The additional positions include two project managers and one office coordinator. Proposed salaries for the two project managers are \$63,357 / person and a salary of \$25,584 for the office coordinator (total salary and related benefits costs are \$205,067). A total of \$150,000 is anticipated for data processing consulting services along with database design, modifications, and maintenance along with software upgrades plus an additional \$22,772 in operating costs. Finally, a total of \$7,400 in acquisitions for the new employees is anticipated and includes the purchase of two laptop computers, two desktop computers, and two Blackberry cellphones.	\$0	\$385,239

13 - 850	Environmental Quality	Office of Secretary	T/O Enhancement of 2 positions within the Legal Affairs Division which consists of 1 attorney and 1 paralegal. These additional positions will be used to meet the requirements of the operational and strategic plans. The Office of Environmental Assessment depends upon the Legal Affairs Division to provide advice, consultation and representation regarding sites that have been impacted with hazardous waste, hazardous waste constituents, hazardous substances, solid waste, and petroleum hydrocarbons. Due to heavy case loads from the other agencies within DEQ, the Legal Affairs Division has only 1 attorney assigned to handle these duties. Currently, the Office of Environmental Affairs is managing more than 1600 sites with approximately 60 project managers. The agency will absorb funding through its existing budget.	\$0	\$0	
13 - 850	Environmental Quality	Office of Secretary	T/O Enhancement to add an additional Public Information Officer. The Public Information Section provides materials to educate the public on environmental issues such as ozone, mercury, and water quality, through brochures, pamphlets, and posters. An additional position is needed to gather and disseminate information on department programs and to create and design materials to be used to educate and inform the public. This agency will absorb funding through its existing budget.	\$0	\$0	
13 - 851	Environmental Quality	Office of Environmental Compliance	Provides additional Statutorily Dedicated Environmental Trust Funds for 2 additional positions, 1 Environmental Supervisor and 1 Environmental Scientist Manager, into a newly created division within the Office of Environmental Compliance. The new division was formed by integrating many functions of the Radiation Protection Program with the department's Emergency Response Group. DEQ has indicated that a unified comprehensive radiation protection program is more economical and efficient at addressing multiple hazards. All appropriate existing staff were moved into this division.	\$0	\$83,680	
13 - 851	Environmental Quality	Office of Environmental Compliance	Provides additional Statutorily Dedicated revenue to add 2 positions to the Surveillance Division within this office. The additional positions are intended to improve surveillance, monitoring, and response capabilities along the Mississippi River corridor between Baton Rouge and New Orleans. Due to the complexity of the river system and the agency's inclusion in homeland security activities, preparedness of river-ready response units is essential to protect river resources and protect human health by safeguarding 27 drinking water intake facilities. These positions are for the Capital Region and the Southeast Regional Office. The duties of the staff will include: (1) Responding to chemical emergencies and/or releases on the Mississippi River, (2) Performing air monitoring activities on the river during emergencies in conjunction with land-based air monitoring, (3) Performing water monitoring activities during emergencies to assess downstream impacts, (4) Investigating complaints and non-emergency releases, (5) performing weekly inspections, and (6) performing out fall sampling.	\$0	\$94,735	
13 - 852	Environmental Quality	Office of Environmental Services	Provides for additional Statutorily Dedicated Environmental Trust Funds for 7 additional positions to process solid and hazardous waste permits. Current staff resources are unable to timely process permits which are expiring or need modification. There are currently 9 permit writers allocated to the solid waste area and 5 allocated to the hazardous waste area. The principal users of these services are the owners of municipal and industrial solid waste landfills, the owners of industrial facilities that manage their hazardous waste onsite, or those facilities that treat, store or dispose of this waste as a commercial venture. There are approximately 275 solid waste permitted facilities. Many of these facilities have multiple solid waste permits. There are approximately 60 hazardous waste permitted facilities.	\$0	\$205,173	
13 - 852	Environmental Quality	Office of Environmental Services	Provides for additional Statutorily Dedicated Environmental Trust Funds for 5 additional positions to expand the role of the small business assistance program into statewide outreach and compliance assistance for small business and local government. This enhancement is also intended to improve and expand customer assistance in the regional offices by assisting citizens at the local level to resolve environmental issues.	\$0	\$159,587	
13 - 853	Environmental Quality	Office of Environmental Assessment	Additional Federal funds to complete watershed plans for the Terrebonne Basin which will result in pollution reduction strategies to control non point source runoff from agricultural crops, urban areas, and home sewage systems.	\$0	\$550,280

13 - 853	Environmental Quality	Office of Environmental Assessment	Adds 1 additional position and additional Statutorily Dedicated funding (\$77,014 in Hazardous Waste Site Cleanup Funds and \$500,000 in Brownfields Cleanup Revolving Loan Funds) to implement and capitalize the Brownfields Cleanup Revolving Loan Fund. This program was authorized by Act 655 of the 2004 Regular Session, and will provide low-interest loans that can be used towards the cleanup of qualifying Brownfields properties, and lead ultimately to property redevelopment and reuse.	\$0	\$577,014	
13 - 853	Environmental Quality	Office of Environmental Assessment	T/O Enhancement to add 2 additional positions to update and maintain a database with all leaking underground storage sites, and will be in charge of reviewing the technical aspects of these sites to determine the priority order of cleanup. This prioritization of hazardous and non-hazardous sites for assessment, cleanup, and associated costs are to be funded by the Hazardous Waste Site Cleanup Fund. Existing regulations set standards for site prioritization by a numerical ranking system based on the availability of money within the fund, health risks, groundwater and surface water contamination, site owner/operator recalcitrance or refusal to comply with department-required actions, and the determination of the secretary that the fund should be used to facilitate actions in a timely manner to abate emergency situations. Funding for these positions will be absorbed within their existing budget.	\$0	\$0	
13 - 855	Environmental Quality	Office of Management and Finance	T/O Enhancement of 1 additional position. This will be a person with the scientific knowledge and expertise needed to negotiate, prepare and process technical contracts and purchase orders with outside contractors to clean up leaking underground tanks and remove hazardous waste. This person will also assist the department in obtaining outside analytical work to identify and solve environmental concerns, and in securing federal grants for assistance to small businesses and local governments in their efforts to clean up local sites. Funding for this position will be absorbed within their existing budget.	\$0	\$0	
13 - 855	Environmental Quality	Office of Management and Finance	Provides Statutorily Dedicated Environmental Trust Funds for 2 IT(Information Technology) Consultants and 3 provisional appointees to address the needs for improved database administration, new data warehouse support, additional Web support, and improved developer and help line support. These individuals will assist with support services to handle increased workload due to the agency's existing mission critical IT applications and other technological services.	\$0	\$426,000

19 - 610	Higher Education	LSU HSC Health Care Services Division	Increases Uncompensated Care funding (UCC) by \$42.7 million. Although IAT UCC means of financing comparisons show a decrease in Uncompensated Care MOF from FY 05 to 06 (from \$463.4 M to \$448.5 M), UCC actually increases when comparing service to service funding levels. This is due to the 175% CMS provision that allowed UCC overpayment in the current year of \$57,623,003. This overpayment was used for non-allowable costs, which traditionally are covered with state general funds. The UCC 'adjusted' base for FY 06 is actually \$405,827,617. Therefore, for "service to service" comparisons, UCC funding actually increased by 10.5%, (\$405,827,617 x 10.5% = 448,593,804). The funding history from 05 to 06 is represented below. \$463,450,620 - FY 05 UCC funding plus UCC overpayment for non-allowable costs (\$57,623,003) - FY 05 UCC overpayment for non-allowable costs \$405,827,617 - FY 05 adjusted service base x 10.5 = \$448,593,804 (FY 06 UCC funding)	\$0	\$42,766,187							
19 - 610	Higher Education	LSU HSC Health Care Services Division	Increases IAT funding from DHH for Medicaid claims payments to HCSD hospitals in FY 06. Medicaid claim dollars are appropriated in DHH, Medical Vendor Payments Program and transferred to HCSD for services provided to Medicaid eligibles. The increase anticipates additional claims in the amount of \$34,342,664, or about 14.9%. A three year claims payment history is represented below. 19 - 610	Higher Education	LSU HSC Health Care Service Division	House floor amendment increases federal Uncompensated Care funding at the Medical Center of Louisiana at New Orleans. These federal funds will be used for operational expenses associated with a cooperative endeavor agreement between the LSU Health Care Services Division and the city of New Orleans for the joint operation of public health clinics. The HCSD may enter into agreements with the city of New Orleans to receive non-state funds as match for the federal portion of Medicaid Uncompensated Care Payments (\$4,170,166). This appropriation is contingent upon the two entities entering into a cooperative endeavor agreement, and any agreement must be approved by the Joint Legislative Committee on the Budget prior to implementation.	\$0	\$4,170,166

19 - 651	Other Ed. /Special Schools	Louisiana School for the Visually Impaired	This enhancement represents funding for salaries and related benefits needed to convert the agency to a 12-month institution. This measure is necessary to comply with Title XIX Medicaid requirements. No additional positions are provided for in this enhancement. These funds will enable the facility to remain open for a full twelve months as opposed to the present operation, which has the school operating for nine months plus summer school. The agency is planning to become eligible for Title XIX funding, which over the course of time, could replace approximately 85% of the institution's State General Fund and provide a more stable funding base. The agency has been gradually upgrading the facility over the last eight years in order to become eligible for additional federal funding. These upgrades also include physical plant renovations such as the addition of elevators to make the building Americans with Disabilities (ADA) compliant. Agency management anticipates that the institution will become eligible in approximately two years.	\$219,097		\$219,097

19 - 653	Other Ed. /Special Schools	Louisiana School for the Deaf	<p>This enhancement represents salary and related benefits and operating service funding for four additional positions who will be working with the Parent Pupil Education Program. The additional positions are needed because of an increase in the number of deaf and hard of hearing children, age 0-3, who require evaluation and follow-up services. Presently, the state operates the program in Alexandria, Baton Rouge, New Orleans and Monroe and would like to expand services to the Shreveport and Lake Charles areas. These areas are presently serviced out of the Alexandria office and the agency indicates there is sufficient demand, approximately 245 students are estimated to need services, to add positions to provide coverage.</p> <p>The funding will be allocated as follows: Salaries - \$144, 568; Teachers Retirement - \$22,408; Medicare - \$2,096; Group Insurance - \$19,728; and Travel - \$10,000. 19 - 662	Other Ed. /Special Schools	Louisiana Educational Television Authority	This enhancement represents additional maintenance requirements on equipment purchased on behalf of The Football Network. The Football Network is a failed cooperative endeavor between the state and a private company to provide televised football coverage. Under the present agreement, the state purchased approximately \$2 million of studio equipment to help TFN begin operations. Since the network presently is in arrears to the state, the agency has begun using some of the equipment for ordinary operations. The original cooperative endeavor agreement called for the agency to maintain the equipment. <u>SCHEDULE</u>	<u>DEPARTMENT</u>	<u>AGENCY</u>	<u>EXPLANATION</u>	<u>SGF</u>	<u>TOTAL</u>	<u>T.O.</u>
19 - 678	Dept. of Education	State Activities	Funding in the amount of \$20 million SGF has been added to the Department of Education's budget for LA4 for FY 06. Approximately \$556,000 of that amount has been moved to the State Activities budget for administration and will be used among 3 programs within the agency. An additional 2 T.O. are provided to assist with management of the expanded LA4 program. The remaining \$19.44 million is provided for LA4 services.	\$556,101	\$491,150	
19 - 678	Dept. of Education	State Activities	SGF is provided for two new assessment programs that will be implemented in FY 06 and for 2 positions. The English Language Development Test is aligned to Louisiana's English language development standards, and measures both academic and social language. For FY 06 a contractor will develop and produce test materials and package and ship all materials to the LEAs. The cost associated is \$586,945 for FY 06. The Online Diagnostic Test will target student's mastery of the state's Grade Level Expectations. The online tests will help students to better prepare for the LEAP and iLEAP tests. The initial development of the online tests at grades 4 and 8 is estimated to cost \$300,000 for FY 06. Two positions are provided to assist with the development and implementation of 3 new assessment programs (one will be funded with budgeted federal funds) and ongoing assessment programs. The cost for the 2 positions is \$113,055. <u>The \$1 million provided is part of the Department of Education's realignment component and was taken from within the DOE; the funds provided for this program are not additional SGF.</u>	\$678,249	\$678,249	
19 - 678	Dept. of Education	State Activities	Annualization of BA-7 funding from the U.S. Department of Labor through the Office of the Governor for WorkKeys assessments. 19 - 678	Dept. of Education	State Activities	Increase in federal funding for the administrative portion of the community learning centers after school tutoring grants. The total amount budgeted for FY 06 is \$1,208,423.	\$0	\$561,215	
19 - 678	Dept. of Education	State Activities	Annualization of BA-7 funding for the Wallace Foundation Grant from the Office of the Governor for LaLEAD. The total amount of the grant is intended to be funded for 3 years at \$1.2 million dependent upon performance. The amount provided to the Department of Education in the current FY is \$82,700. Approximately \$133,500 will be provided in FY 07 and \$50,800 will be provided in FY 08. The grant funds will be used as part of an educator recruitment program. This BA-7 was approved at the February JLCB meeting.	\$0	\$133,500	
19 - 678	Dept. of Education	State Activities	IAT authority is increased to receive revenue generated through a Federal Indirect Cost rate of 14.6%. The cost rate increased from 12.1% to 14.6% and federal fund expenditures are estimated to increase by \$10 million for FY 06. These factors account for the increased revenue. The Department estimates a \$1.3 million deficit in retiree group benefits. The revenue generated will be used to pay the group benefit costs.	\$0	\$1,123,857	
19 - 678	Dept. of Education	State Activities	Increase T.O. by 1 position in the Office of Quality Educators to administer, provide technical assistance, accountability and monitor 30 new schools approved for the Teacher Advancement Program (TAP) in addition to 6 existing TAP schools.	\$0	\$0

BUDGETARY ISSUES

Fiscal Year 2005/2006

CORRECTIONS SERVICES

The Department of Corrections FY 05-06 budget totals \$441.3 million, a \$9.9 million increase from the prior-year existing budget amount of \$431.4 million. The majority of the State General Fund increase in Corrections was due to standard adjustments for merits, health insurance costs, and retirement rate adjustments. Other major changes in the FY 05-06 budget are as follows:

1. \$1.5 million and 53 positions for a 50-bed skilled nursing/geriatric health care unit at Wade Correctional Center, which is expected to be complete in January 2006
2. \$0.9 million and 11 positions for a new 220-bed trustee dormitory at Dixon Correctional Institute, which is expected to be complete in August 2005

Sheriffs' Housing of State Inmates (SHSI) FY 05-06 appropriation increased by \$4.4 million to \$156.2 million (to house approximately 18,000 inmates). The Department received a supplemental appropriation during the 2005 Legislative Session in the amount of \$7.4 million (from \$151.8 million to \$159.2 million for FY 04-05) for Sheriff's Housing. Over the last year, Louisiana's adult inmate population has had minimal growth and totals approximately 37,500 inmates. Roughly 18,000 inmates or 48% of the total state inmates will be housed in local jails at a rate of \$22.39 per day per inmate.

YOUTH SERVICES

Youth Services' FY 05-06 budget totals \$139.4 million, a \$5.8 million increase from the prior-year existing budget amount of \$133.6 million. The major changes in the FY 05-06 budget include:

1. \$1.4 million for 20 community-based residential slots for female youth
2. \$0.7 million for additional salaries and related benefits for reclassification of correctional officers to youth care workers
3. \$0.9 million for additional community-based services for juvenile offenders
4. \$0.4 million to provide for reimbursement to Public Safety Services for facility maintenance and utilities (Youth Services has relocated to the Louisiana State Police Headquarters on Independence Boulevard.)

Office of Youth Development will receive \$56,272 from the Department of Education for one-time salary supplement for certain certificated personnel from the Teacher Educational Aid for Children Fund (TEACH) in accordance with Section 14 and Section 15 of Supplemental Bill Act 138 of the 2005 Regular Session. Subgrantee Assistance will distribute funding according to specified dollar amount as IAT. The funding will provide \$530 plus retirement benefits for 91.6 FTE certificated staff.

DEPARTMENT OF HEALTH AND HOSPITALS MEDICAID

In FY 05, the Department of Health and Hospitals was initially appropriated \$5.14 billion for the Medicaid Program (includes \$6.5 million from the Nursing Home IGT). DHH received approval of BA-7s for the Medical Vendor Payments Program (MVP) to add a total of \$86.1 million (increasing the MVP budget from \$5.14 to \$5.22 billion). The major increases/decreases by BA-7s were as follows:

1. Payments to Private Providers Program: \$101.3 million increase (BA-7s of \$89.3 million comply with contingency language in Act 1 of the 2004 Regular Session, which allowed for re-basing of Nursing Home rates; and \$12.0 million transferred from Public Providers to correct a shortfall in Privates);
2. Payments to Public Providers Program: \$20.9 million decrease (BA-7s of \$12.1 million, which transferred \$12.0 million to Privates and \$100,000 to Buy-ins to programmatically realign Medicaid to match projections; and \$8.1 million as part of an MOF swap to replace IAT and Stat. Ded. with SGF and Federal funds;
3. Medicare Buy-ins & Supplements Program: \$1 million decrease (BA-7 to adjust funding to realign the program);
4. Payments for Uncompensated Care Costs Program: \$1.3 million increase (BA-7 for payments to Christus Coushatta Health Care Center per Act 138 of the 2005 Regular Session); and
5. Auxiliary Program: \$5.6 million increase (BA-7 for additional Nursing Home IGT payments that were not made in FY 04).

Major Changes from FY 05 Actual (Preliminary Projections)

As provided by the General Appropriation Act of 2005 (Act 16), the Medicaid budget for FY 06 was adopted by the Legislature at a program size of \$5.6 billion (includes contingencies).

- For FY 06, the state match rate will be 29.90% (excludes UCC match rate, which is 30.21%) on Medicaid programmatic expenditures as compared to a state match of 28.81% in FY 05.

- The FY 06 appropriation (Act 16) for Medical Vendor Payments increased expenditures by \$415 million over FY 05 actual expenditures. The increased funding is allocated as follows:

- \$293.5 million increase for payments to private providers.
- \$94.9 million increase for payments to public providers.
- \$50.8 million increase for Medicare buy-ins and supplements.
- \$13.4 million decrease for payments for uncompensated care costs.

- \$10.5 million decrease for the auxiliary program.

Major Line Item Increases for Private Providers (Preliminary actual vs. Act 16)

- \$101.1 million increase in enhanced payments for Inpatient and Outpatient Hospital Services (Contingent on CMS approval of a hospital provider fee).
- \$53.3 million increase in payments for Inpatient Hospital Services
- \$52.6 million increase in payments for Personal Care Services (See program specific section).
- \$37.7 million increase in payments for Pharmaceutical Products and Services.
- \$22.9 million increase in payments for MR/DD Waiver (Community) Services.
- \$17.1 million increase in payments for Nursing Home Services.
- \$10.1 million increase in payments for Outpatient Hospital Services.
- \$8.9 million increase in payments for Rural Health Clinic Services.
- \$8.4 million increase in payments for Early and Periodic (EPSDT) Services
- \$8.3 million increase in payments for Emergency Ambulance Services.
- \$7.1 million increase in payments for Elderly and Disabled Waiver Services.
- \$6.8 million increase in payments for ICF/MR (MR/DD Community Home Services.
- \$5.4 million increase in payments for Federally Qualified Health Centers.
- \$4.6 million increase in payments for Physicians Services.
- \$4.4 million increase in payments for Home Health Services.
- \$3.0 million increase in payments for Program for All Inclusive Care for the Elderly.
- \$2.8 million increase in payments for Hospice Services.
- \$2.6 million increase in payments for Laboratory and X-ray Services.
- \$2.1 million increase in payments for Mental Health Inpatient Services.
- \$1.8 million increase in payments for Hemodialysis Services.
- \$1.8 million increase in payments for Adult Day Health Waiver Services.
- \$1.8 million increase in payments for Children's Choice Waiver Services.

- \$1.6 million increase in payments for Case Management Services.
- \$1.5 million increase in payments for Non-Emergency Transportation Services.
- \$0.8 million increase in payments for Certified Nurse Anesthetists Services.
- \$0.5 million increase in payments for Private Family Planning Services.
- \$0.3 million increase in payments for Adult Denture Services.

Major Line Item Decreases for Private Providers (Preliminary actual vs. Act 16)

- \$55.5 million decrease in payments for the elimination of the Upper limit Payment Methodology.
- \$14.6 million decrease in payments for Mental Rehabilitation Services.
- \$5.8 million decrease in payments for Durable Medical Equipment.

Major Programmatic Specific Funding

•\$297.2 million in total Medicaid funding is generated by a hospital provider fee by the passage of Act 182 (HB 887) of the 2005 Regular Session. The fee is expected to generate \$89.1 million in state match that will be used to collect \$208.1 million in federal funds for enhanced payments hospital providers, additional uncompensated care cost payments to non-rural, non-state hospitals, and other health care providers participating in the Medicaid Program. Implementation of the hospital provider fee is dependent upon approval of a state amendment by the Centers for Medicare and Medicaid Services (CMS). Information provided by DHH indicates that the state plan amendment was submitted to CMS in August 2005, and could be approved before the end of the current calendar year.

•\$52.6 million for payments for Personal Care Services (PCS). This is a new program that was implemented (at a projected cost of \$33.5 million) in FY 05 to satisfy the terms of an agreement between DHH and the U.S. Justice Department relative to the settlement of the Barthelemy lawsuit. The settlement acknowledges DHH's policy to expand the Medicaid Program by offering more community-based services to people that meet Medicaid criteria for nursing home care. This includes seeking necessary funding from all available sources, receiving federal approval for these expanded services and working to increase the number of private providers who offer these services. Testimony presented during the FY 04 and 05 Appropriations hearings suggested that the growth potential of the PCS program was unlimited—and could reach the \$100 million level if proper controls were not established by DHH (the preliminary allocation for FY 06 for the program will be approximately \$86.1 million). The Department believes that requiring a needs assessment for individuals seeking PC services and prior authorization before any services are received can control the program. Additionally, DHH intends to utilize the regular Medicaid income standard of \$547 per month instead of the SSI standard of \$1,641 per month in making eligibility

determinations, which should further control potential growth. The LFO recommends that DHH continue to closely monitor this new program and report to the Joint Legislative Committee on the Budget on a quarterly basis throughout FY 06.

Additional requirements to comply with the Barthelemy settlement:

- \$2.4 million was appropriated to fund an additional 74 slots in the various Medicaid Home and Community-Based Services (HCBS) Waivers to satisfy requirements relative to the provisions of the settlement that mandate the provision of HCBS as an alternative to placement of recipients in nursing homes.

Medicaid Outlook for FY 06

For FY 06, the Medicaid budget is financed through major non-recurring money sources as follows:

1) Approximately \$266.5 million SGF from unappropriated fund balances in FY 05 was provided in the supplemental appropriation bill to be used as state match to collect approximately \$624.9 million federal matching funds (Act 138).

2) Approximately \$19.7 million in various fund balances were transferred to the Medical Assistance Trust Fund (MATF) to be used as state match to collect approximately \$46.2 in federal matching funds (Act 179).

3) Approximately \$21.6 million Stat. Ded. from unappropriated fund balances in the MATF (\$8.9 million from provider fees and \$12.7 million from 1.75% budget reductions) to be used as match to collect approximately \$50.6 million in federal matching funds.

DHH has expressed concern about a potential shortfall in the Payments to Private Providers Program for FY 06. Per Act 16, DHH will present additional information to the Joint Legislative Committee on the Budget no later than October 1, 2005 and monthly thereafter. DHH anticipates that the state plan amendment to impose a hospital provider fee will be approved by CMS. However, the Specialty Hospital group has publicly stated that it is their intent to challenge the legality of such fee through the courts. Should legal action cause a significant delay in the collection of the provider fee, DHH could have a cash flow problem in the latter stages of FY 06. At this time, it is not possible to project the impact of this situation.

In an attempt to prepare for the projected budget problem in FY 06 and subsequent fiscal years, the Governor established and appointed members to the Health Care Reform Panel in FY 04. The Panel is currently studying means for fundamental, long-term and systemic reform of the state's entire health care delivery system. It is the goal of this Panel to have proposed measures for reform for the Legislature to act on in the Regular Session of FY 06. Additionally, the state is faced with the enormous task of assessing the devastation in southeast Louisiana caused by Hurricane Katrina, and devising a comprehensive short-term and long-term plan to fund the rebuilding of that area and redesigning other areas of the state to accommodate the populace that has been displaced from that area.

Medicaid Administration

In FY 05, Medicaid Administration (MVA) was funded at \$169.5 million and had 1,300 authorized positions. For FY 06, the legislature appropriated \$187.8 million and authorized 1,345 positions (includes 6 contingency positions that should be added by an in-house BA-7). Additional positions added for FY 06 included the following:

- 53 T.O for restructuring a portion of the Bureau of Community Supports and Services, based on recommendations of the Governor's health Care Reform Panel
- 23 T.O. restoration of proposed in the Executive Budget cuts that included a reduction of 45 T.O., primarily in eligibility staff
- 6 T.O. for the establishment and maintenance of a Direct Care Service Worker Registry (Act 306)
- 6 T.O. for the transfer of certain licensure activities from DSS (Act 483)

DHH indicates that Medicaid caseloads average more than 1,194 per eligibility worker, which is higher than any other state in the southern region. Nevertheless, with the additional positions and implementation of major administrative simplifications and efficiencies, MVA is currently able to perform federally required activities relative to Medicaid eligibility determinations, provider performance monitoring, facility certifications, fraud and abuse violations, and other compliance functions. This agency lost positions on several occasions since FY 00 at the same time that caseloads were rapidly increasing. Should the Division of Administration (DOA) impose staff reductions that impact the MVA eligibility section in FY 06, the Medicaid Program could be faced with the disallowance of Federal Financial Participation (FFP) due to MVA's inability to comply with minimal federal requirements relative to Medicaid eligibility determinations.

The U.S. Congress enacted legislation in FY 04 that will provide a prescription drug benefit for Medicare recipients beginning in January 2006. DHH will very likely be required to perform eligibility determinations for the Medicare Prescription Drug Program and will need additional funding and staff.

In addition, the Notice of Proposed Rulemaking (NPRM) for the proposed Medicaid/SCHIP Payment Error Rate Measurement (PERM) project beginning in FFY 06 (October 2005) will require 12 additional Program Integrity staff in order to meet the requirements.

The supervisory ratio in Medicaid eligibility offices is now more than 12:1 in approximately 6 locations throughout the state, which needs to be addressed. DHH will be responsible for the eligibility decision for the new LaCHOICE program and existing staff cannot reasonably assume these duties.

The LFO recommends that DHH should develop a plan to address the identified staffing issues that could impact the ability of the MVA to meet federal requirements for program performance and have such a plan ready for consideration during the FY 06 appropriations hearings.

FY 06 Health Care Reform Legislation for Medicaid Administration

- Act 154 (SB 270) authorizes DHH to apply to CMS for a section 1115 waiver to provide health care coverage for uninsured persons in families below 200% of the FPL. The Act provides that all disproportionate share funding (DSH) shall be placed into a pool for the following purposes:

- *Support for hospitals that serve a disproportionate number of Medicaid and uninsured patients;
- *Expand the availability of primary and preventive care;
- *Provide health insurance coverage to the uninsured; and
- *Improve health outcomes through disease management programs.

- Act 306 (SB 271) creates a direct care workers registry within DHH. The Act authorizes the department to promulgate rules and regulations to maintain the registry, which shall include but not be limited to, defining minimum mandatory qualifications and requirements for direct care workers and functions/activities that may be performed by these workers. The provisions of the Act shall apply only to direct care workers that are compensated through state or federal funds.

- Act 483 (HB 528) transfers licensing activities from DSS to DHH for the following providers:

- *Rural health clinics;
- *Psychiatric residential treatment facilities;
- *Children's respite centers;
- *Pediatric day health care facilities;
- *Personal care attendant services agencies;
- *Respite care service agencies;
- *Supervised independent living programs;
- *Family support service agencies; and
- *Adult day care agencies.

DHH has indicated that 6 additional employees will be required to handle the additional activities associated with licensure of the providers previously licensed by DSS. It is anticipated that the positions will be added by an in-house BA-7 prior to implementation of the transferred licensure activities.

ELEMENTARY AND SECONDARY EDUCATION

Act 16 of the 2005 Regular Session contains funding for several significant elementary and secondary education initiatives. Below is a summary of the major education initiatives and their funding level.

Minimum Foundation Program (MFP)

\$2.672 billion is appropriated for the FY 06 Minimum Foundation Program (MFP).

This represents an increase of approximately \$48 million over the final FY 05 MFP distribution of \$2.624 billion. SCR 125 of the 2005 Regular Session continues the provision that not less than 50% of each school district's increased state funding from implementation of Level 1 and Level 2 of the formula be used to supplement full-time staff salaries and retirement benefits. The school system may distribute the pay raise in a manner that is most beneficial to the individual needs of the school district. The MFP provides \$31.4 million for pay raises ranging from \$0 to \$1,791 with an average of \$530 per school employee. In order for each school district to receive a \$530 pay raise for certificated personnel, an additional \$12.5 million was included in the Supplemental Appropriations Bill for deposit into the TEACH Fund. Any district that was not able to provide an average pay raise of \$530 will receive a distribution from the TEACH Fund in the amount needed to make up the difference.

For purposes of calculating the MFP, the latest available data will be used. For example, The October 1 membership will be based upon the Fall 2004 Student Information System data. The local school system revenue and tax rates will be based upon information from the Annual Financial Report for FY 03-04. Net Assessed Property Values will be based upon the December 2003 Louisiana Tax Commission data. If any district's October 1 student count exceeds the previous year's audited October 1 membership by either 50 students or 1%, a mid-year's adjustment to provide additional per pupil funding shall be made for each additional student based on the final MFP allocation per pupil amount for that district as approved by BESE.

For purposes of calculating the wealth factor, a cap of 20% in the sales tax base will be used. The cap is intended to aid districts that experience temporary revenue spikes. By instituting a cap when a temporary revenue spike occurs a portion of the increased revenue will not be required to be dedicated to permanent pay raises.

School and District Accountability System

- \$4.2 million for Distinguished Educators (DEs). DEs work with schools that are in corrective actions to help in providing strategies for school improvement.
- \$4.7 million for K-12 Rewards for schools exceeding performance targets.

High Stakes Remediation and Testing

- \$10.1 million for High Stakes Summer School Remediation
- \$6.2 million for LEAP 21 Tutoring
- \$2.3 million for GEE 21 Summer School
- \$0.6 million for Administration
- \$16.4 million for Testing

TANF Initiatives

- \$55 million for the LA 4 Program. Of the total amount budgeted \$17 million is TANF and \$38million is SGF. The LA 4 Program provides a 6-hour instruction period with a 4-hour enrichment period, 2 hours before and after class.
- \$8.5 million for Private Pre-K. Private Pre-K provides a 6-hour instruction period with a 4-hour enrichment period, 2 hours before and after class.
- \$9.5 million for after-school education and enhancement programs for school-age children through qualified community-based organizations. The after-school and summer programs are intended to provide high quality education and enhancement programs, with emphasis on homework assistance and tutoring for low-income school age children. Such initiatives will be determined on a competitive basis.
- \$1.6 million for the Strategies to Empower People Program (STEP). Services are provided to cash assistance recipients who are in need of adult basic education. Adult basic and secondary literacy instruction, GED preparation, and work/ vocational-readiness preparation for the WorkKeys assessment will be provided to eligible recipients to move the participant toward self-sufficiency by improving educational outcomes for the participant.

Charter Schools

\$24.5 million is provided for existing Type 2 Charter Schools. There are 8 Type 2 Charter Schools in operation for FY 06.

National Board Certification

- \$2.9 million SGF is provided for teachers that obtain National Board for Professional Teaching Standards certification. The State will reimburse the local school board \$5,000 for each teacher holding such certification.
- \$1.2 million SGF is provided for school counselors that obtain National Board of Certified Counselors certification. The State will reimburse the local school board \$5,000 for each counselor holding such certification.
- \$840,000 SGF is provided for school psychologists that obtain National School Psychology Certification Board certification. The State will reimburse the local school board \$5,000 for each psychologist holding such certification.

Supplemental Appropriations Bill

- \$20 million SGF is appropriated to offset the increased retirement costs of the local school districts.
- \$64.9 million federal funds are appropriated for Subgrantee Assistance for four programs.
- \$10 million is provided for computers in the classroom. This funding will be provided for through the Capital Outlay Bill, Act 26 of the 2005 Regular Session.
- \$12.5 million SGF is dedicated to the TEACH Fund. Any district that was not able to provide an average pay raise of \$530 from the MFP 50% increase will receive a distribution from the TEACH Fund in the amount needed to make up the difference.

Constitutional Uses of Support Fund Dollars:

Board of Regents: 1) The carefully defined research efforts of public and private universities in Louisiana. 2) The endowment of chairs for eminent scholars. 3) The enhancement of the quality of academic, research or agricultural departments or units within a university. These funds shall not be used for athletic purposes or programs. 4) The recruitment of superior graduate students.

Board of Elementary and Secondary Education: 1) To provide compensation to city or parish school board or postsecondary vocational-technical professional instructional employees. 2) To insure an adequate supply of superior textbooks, library books, equipment and other instructional materials. 3) To fund exemplary programs in elementary, secondary or vocational-technical schools designed to improve elementary, secondary or vocational-technical student academic achievement or vocational-technical skill. 4) To fund carefully defined research efforts, including pilot programs, designed to improve elementary and secondary student achievement. 5) To fund school remediation programs and preschool programs. 6) To fund the teaching of foreign languages in elementary and secondary schools. 7) To fund an adequate supply of teachers by providing scholarships or stipends to prospective teachers in academic or vocational-technical areas where there is a critical teacher shortage.

Legislative Impacts on Higher Education and the TOPS Program

Several laws were enacted that could have a fiscal impact on higher education.

HB 120 - Changes the Tuition Opportunity Program (TOPS) for Students eligibility requirements for home schooled students. Previously, the law required such students to earn at least three points higher on the ACT and to have completed a BESE approved home study program. This act reduces the ACT scores required to earn a TOPS award for such students. Under the old law, home schooled students are required to have an ACT score of at least three points higher than students graduating from Louisiana public high schools or BESE-approved non-public schools to qualify for a TOPS award. Before implementation of the act, public school and approved non-public graduates must score a 20 on the ACT to earn an Opportunity Award, a 23 to earn a Performance Award and a 27 to earn an Honors Award. Home schooled students had to score a 23 on the ACT to earn an Opportunity Award, a 26 to earn a Performance Award and a 30 to earn an Honors Award. The new law reduces the ACT requirement for home schooled students by one point thus requiring them to earn a score at least two points higher to earn an award. This means that since the legislation was enacted, home schooled students would have to score a 22 on the ACT to earn an Opportunity Award, a 25 to earn a Performance Award and a 29 to earn an Honors Award.

OSFA estimates that an additional 11 students would be eligible for an Opportunity Award; an additional three would be eligible for a Performance Award; and an additional nine would be eligible for the Honors Award at a cost of \$33,455 for the first fiscal year and increase thereafter to include additional students annually who qualify for the award. The agency assumes the same number of students will become eligible each year, minus a retention rate calculated for each award level using actual experience.

HB 775 - Changes Louisiana National Guard tuition waiver eligibility requirements. This law was passed in response to students running out of waiver eligibility because of National Guard deployments to Iraq and Afghanistan. This law grants a tuition exemption at in-state higher education institutions for certain students serving in the Louisiana National Guard (LNG) who re-enlist in the service. Effective beginning with the FY 05-06 school year, students who re-enlist will be eligible for four separate academic years or until the receipt of a degree at the associate level or higher, or whichever occurs first. Also requires a six-year reenlistment to earn the additional benefit. The previous law only provides for five academic year benefits or a bachelor's degree and does not provide additional education benefits upon re-enlistment.

SB 129 - Provides for expanded participation in the Student Tuition and Assistance and Revenue Trust program (START). The enacted law specifies that account owners filing tax returns as single are allowed up to \$2,400 of contribution deduction, and account owners filing joint returns are allowed up to \$4,800 of deduction. Comparable rollover provisions are also provided. Proposed law doubles the deduction allowed if the beneficiary's family adjusted gross income is less than \$30,000 or the beneficiary is entitled to a free school lunch, up to a maximum of \$2,400. Present law allows an

exclusion to the state gift tax equivalent to the federal gift tax (currently \$11,000). The enacted law also allows contributions to be treated as gifts and excluded from the gift tax. If the gifted contributions exceed the exclusion amount, the excess can be prorated over a five-year period for purposes of the gift tax exclusion. It further allows an account owner to exclude up to \$2,400 of Louisiana Student Tuition Assistance and Revenue Trust Program (START) deposits from LA taxable income, and allows unused deduction amounts to roll over to subsequent tax years.

The provisions of this law may result in a small revenue loss to the state. According to the Department of Revenue, the provisions being added by this law specifying the maximum deductions allowed account owners is consistent with how the department currently administers the program's tax deduction aspects. Those provisions should have no fiscal effect, but may make it easier to administer for OFSA. The provision doubling the amount of allowed deduction for low-income account owners will likely increase the amount of deductions granted and reduce state revenues by some small amount. However, only 9% of the program's participants are making the currently allowed maximum contribution per account of \$2,400, and it is unlikely that very many of those are low-income participants. These participants are much more likely to be constrained by resources available to contribute and are not likely to increase contributions materially due to a more generous deduction. Income tax statistics indicate that these participants contribute less than 5% of all contributions. Doubling their deduction might increase deductions by \$304,000. The average effective tax rate of this population is 1.2%, generating a possible revenue loss of \$3,700. The provisions excluding contribution gifts from the gift tax are not likely to generate a material revenue loss either. There are only about 2,000 gift tax filers each year, and this provision is not likely to lead to large amounts of contribution gifts. Some revenue loss is possible, but is likely to be very small.

SB 256 - Provides scholarships for children of soldiers who are KIA in certain designated wars or military conflicts. As of 4/26/05, 44 soldiers from Louisiana have been killed in action in Operation Enduring Freedom and Operation Iraqi Freedom. As best as the LFO can determine, these soldiers had at least 20 eligible children who may be or may become eligible for the education benefit. For each eligible child who participates in the program, the attended institution will lose Fees and Self-Generated Revenues. Since the nation remains actively engaged in these campaigns, this number could rise if more soldiers from Louisiana are killed in action.

For each student who takes advantage of the program, Self-Generated Revenues will decrease by an average of \$2,652. This figure does not take into account tuition and fee increases in future years when most of the children of KIA soldiers become eligible for the education benefits. Many of the soldiers who have been KIA have young children who would not claim such benefits for many years, at which point tuition and fees, room and board and book costs will have risen substantially. Given the age of these children, the LFO anticipates the majority of the fiscal impact to the institutions will occur in the future.

Although these increases are impossible to accurately predict, the LFO notes that the costs of tuition and fees and books is rising and is anticipated to rise greater than the normal inflation rate in the future. The enacted legislation has several provisions that will ultimately limit the number of people who would be eligible for aid. First, the legislation provides a residency requirement stipulating that a soldier has to have declared Louisiana his or her "Home of Residence". The "HOR" is a military designation used to calculate state income tax liability and a soldier does not actually have to live in a particular state to choose that state as his or her "HOR". Since some states do not collect a state income tax, soldiers can choose one of these states - in particular Texas and Florida - as their "HOR" and not be subject to a state income tax thereby increasing the net pay per check. The LFO anticipates that at least some soldiers from the state will take advantage of this provision.

SB 355 - Creates a new Tuition Opportunity for Students (TOPS) award for high school students who want to attend and qualify for admission to a technical college. The new law creates and provides for a new Tuition Opportunity Program for Students (TOPS) program for La. high school juniors and seniors meeting certain minimum eligibility requirements. Provides for a \$150 award per three credit hour course for a maximum of two courses per semester for a maximum of four semesters for the dual enrollment of participating students. The students must enroll in a program for the purpose of pursuing an industry-based credential which is recognized by the State Industry-based Certification Council, approved by the Board of Elementary and Secondary Education and the Board of Supervisors of the La. Community and Technical Colleges. To be eligible, a student must be a junior or senior with a minimum of 2.0 grade point average, have prepared a five-year education plan and have scored at least a 15 in English and Math on the ACT PLAN Assessment.

The Board of Regents estimates that 1,600 high school juniors and seniors will take advantage of the program in FY 06 at a cost of \$600 per student for a total cost of \$960,000. The General Appropriations Bill has \$1 million included for this purpose for FY 06. In FY 07 and beyond, the BOR anticipates over 3,300 high school juniors and seniors will take advantage of the program at a cost of \$2 million. The BOR estimates assume that the students will take the maximum number of credit hours at the technical college. In the past, few students have taken advantage of the TOPS Tech award program offered for eligible high school graduates with less than 7% of those eligible accepting the award. Also, data from OSFA indicates that all students do not take the maximum number of courses allowed. Consequently, expenses could be considerably less than the BOR estimates of \$2 million in subsequent fiscal years. The amount of such future increases cannot be estimated.

In FY 05, the LSU HSC HCSD was initially appropriated \$848.8 million for the eight hospital system (these funds include appropriated revenues as well as off-budget non-appropriated revenues). **Overall, the eight public hospital system's appropriated and projected funding increased by \$71,240,371, or approximately 8.4% over FY 05 budgeted.**

Major Increases in FY 06 Executive Budget

Uncompensated Care

Comparing the adjusted service base from FY 05 to 06, the public hospital system budget for Uncompensated Care increased by \$42.7 million, or 10.5%. Although UCC means of financing comparisons show a decrease in uncompensated care (from \$463.4 M in 05 to \$448 M in 06), UCC actually increases when comparing service to service funding levels. This is due to the 175% CMS provision that allowed UCC overpayment in the the FY 05 year. This overpayment was used to replace existing general fund in the budget, specifically for match on Medicaid claims and for non-allowable costs (which traditionally are covered with state general funds). The UCC adjusted base for FY 06 is actually \$405,827,617. Therefore, for service to service comparisons, UCC funding actually increased by 10.5%, (\$405,827,617 x 10.5% equals \$448,593,804).

Medicaid claims

IAT funding from DHH for Medicaid claims payments to HCSD hospitals increased in FY 06. Medicaid claim dollars are appropriated in DHH, Medical Vendor Payments program and transferred to HCSD for services provided to Medicaid eligibles. The increase anticipates additional claims in the amount of \$34,342,664, or 14.9% more Medicaid claims to HCSD.

\$230,215,837	\$264,558,501	\$34,342,664

Non appropriated revenues

These revenues are not directly appropriated in HB 1 for HCSD and are considered off budget. These funds include Medicare, Commercial Insurance, Ryan White HIV funds, WIC funds, and non-patient related revenues (cafeteria, medical records, parking). These revenues are currently projected to increase by approximately 1% from FY 05 budgeted to FY 06. The most significant increase is projected in Medicare.

State General Fund revenues

State General Fund revenues increased by \$50.4 M, from \$27.7 million to \$78.1 million. This increase is to offset the loss of UCC overpayment in FY 05 that was used to cover prisoner health care services and other non-allowable costs not covered under UCC.

Supplemental funding

Of the \$78,166,380 in State general fund revenues appropriated to the HCSD public hospitals, approximately \$1,306,375 is considered supplemental, and is funded from Fiscal Year 03/04 General Fund surplus and Mineral Revenue Audit and Settlement Fund monies to defease debt in Fiscal Year 2004/05.

Since the Indian casinos do not report their activity, the estimates above should be viewed with considerable caution.

The table above portrays spending by players engaged in each form of gaming on a comparable basis. Each estimate represents the amount of spending by players that is actually kept (or won) by gaming operators in an annual period, and is the operators gross revenue from which all business expenses are paid. Thus, each estimate is also the amount of losses that players incur in the aggregate each year, and is net of any rewagers. As such, the table is an estimate of the net economic flow of spending from players to gaming operators each year.

Notes:

- 1) The 2005-2006 MFP Initial Distribution is generated based on estimated student counts and local school system tax revenues. The funds distributed to school systems will be based on the previous year's actual student counts and local tax revenues. Funds for the school systems of the City of Monroe and the City of Bogalusa are contained in the amounts for the parishes of Ouachita and Washington respectively. Funds for the school systems of the City of Baker and the Zachary Community are contained in the amount for East Baton Rouge Parish.
- 2) Revenue Sharing distribution to each parish and the city of New Orleans is allocated in Section 12 of Act 465 (HB 841) of the 2005 Regular Session.
- 3) Supplemental Pay is an estimation of how much money each parish will receive in supplemental law enforcement pay. The actual amount of funding each parish receives may be different that what is reflected in this table because this is an approximation based on the previous year.
- 4) The projected Parish Transportation Fund distribution of \$31,237,500 in Transportation Trust Funds is based upon FY05 distribution as reported by the State Treasurer. The Mass Transit Program is funded at \$4,962,500 in Transportation Trust Funds. Off-System Roads and Bridges Match Program is funded at \$3 million in Transportation Trust Funds.
- 5) Parish severance and royalty distributions are based on state level estimates of severance and royalty income that are allocated to each parish based on the prior year's share of these monies distributed to each parish by the state Treasury.
- 6) Video Poker distributions are based on the respective shares of the prior year distribution as reported by the State Treasury. Parish values reflect distributions to all recipient bodies in each parish combined.
